GIVEN AWAY!

GREAT HOUSEHOLD NECESSITY.

LADIES HAVE YOU SEEN IT? SEEN WHAT?

PERFECTION FLOUR BIN and Seive,

An Article that Every House-keeper Should Have.

A Perfect Receptacle for Flour.

An Aerator and Sifter. It is way ahead of anything you have in the house, except the Baby! Made of Tin, the best material for the purpose.

MERITS OF THE BIN.

It aerates the flour, preserving it from mold or mites. It will keep flour or meal dry and free from dirt, mice, rats and cockroaches. Fresh flour or meal always on hand. Flour enough for a baking can be sifted in a moment. It will pay for itself in a short time by saving of labor and waste. It is the necessity of reaching into barrels and sacks. It can be kept on a kitchen table or shelf; sifted flour always ready. The red inside the bin aerates the flour, making it very light, and improves the quality. By using the Perfection Bin you do away with pans, sieves, sops, etc., necessary when using flour a meal in the old way. Take no other, try the best and cheapest. None genuine unless marked "Perfection" and the name, Tinsmith & Co., Manufacturers, Chicago. Size to hold 50 pounds.

JOHN SANDERSON, FLAGSTAFF.

Flagstaff was visited by quite a heavy fall of snow on Sunday last.

Auditor Keayon, of the Harvey eating houses, spent Saturday in Flagstaff.

Hon. E. M. Sanford, of Prescott, came in on Thursday's train from the west.

The next invitations and programs for the Masonic ball were printed at this office.

No trains from the east last Tuesday, owing to a snow blockade in the Raton mountains.

E. M. Doe, of the law firm of Stewart & Doe, left for Prescott last Monday on legal business.

Mrs. T. F. McMillan and children left on Monday last to visit friends in Stanislaus county, California.

Dr. McCauley, a prominent physician of Prescott, states that during his twenty years practice in that town he has never seen so many sick.

Those ladies who will keep "open house" on New Year's day are requested to send their names to this office, so that a complete list of those who will receive may be published in *The Sun* of next Thursday.

Mine Host Colter, of the Bank hotel, will serve the supper for the Masonic hall to-morrow night, which is a sufficient guarantee that it will be excellent. The tables will be laid on the lower floor of the new Babbitt building.

While attempting to board a passenger train at Winslow Saturday, a passenger had a narrow escape from serious injury. He caught on to the rear car and was dragged the entire length of the yard before the train was stopped. Judging from the fright he received he is not likely to make any more such foolish breaks again soon.

On Saturday evening last the residence of Mr. J. Wilbur, on the south side of town, was discovered to be on fire and before assistance could be rendered the entire building was in flames. The family were absent from the house at the time and how the fire originated is a mystery. The loss is estimated at \$2,000, partly covered by insurance.

Charles Canall, electrician for the Atlantic & Pacific railroad, with headquarters at this place, returned Monday from a month's vacation spent in St. Louis. Charley is still a single man, open for engagements.

Parties intending to make New Year calls should place their orders for calling cards with *The Sun* office, where they will get only the best work and at reasonable prices.

During January there will be a good many Flagstaff people in the Grand Canyon prospecting. With the prospectors already in the Canyon there will be men enough to start a good sized town.

Within the past week P. J. Brannen has had two handsome show cases placed in his store on Railroad avenue. Mr. Brannen is one of Coconino county's most progressive merchants, always keeping abreast of the times. A beautiful display of holiday goods is made in the new show cases.

W. R. Worth, the popular clerk at the Bank hotel, left on Monday evening express for La Grande, Oregon, where he goes to look after some property interests. "Billy" will spend Christmas with friends in San Jose, California, after which he will proceed to his destination. Mr. Worth's many friends in Flagstaff join *The Sun* in wishing him a safe journey and speedy return.

In making the rounds in quest of news one day this week, *The Sun* man stepped into the postoffice, where he found Harry Zuck vigorously swinging a pair of Indian clubs. When asked if he was in training for a prize fight, Harry replied that he was doing it "just for exercise." If any of our young men are in need of muscular exercise, we will allow them to call at this office on pro's days and take a turn at the cylinder press. Don't all speak at once.

Cakes Without Eggs.

Observing housekeepers quickly learn that Dr. Price's Cream Baking Powder is far superior to other brands in the fact that they never fail to make the finest pastry, and if they wish to be economical they can dispense entirely with eggs and can use a less quantity of butter for shortening purposes. The advantage is not alone in the saving effected but in avoiding the trouble and frequently the great difficulty of securing eggs that are fresh. This is often a serious trouble.

Cakes of various kinds from the informal Griddle Cakes to the stately Bride Cake can be made with Price's Cream Baking Powder, which insures light, sweet and handsome cakes; or when used for Griddle Cakes to be eaten hot enables their production in the shortest space of time, always tender and delicious.

Dr. Price's is the only Baking Powder that contains the white of eggs. None so pure! None so wholesome!

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.

Promoted.

W. A. Bissell, general passenger and freight agent of the Atlantic & Pacific, who was called here on business connected with the general office, has returned to California. Before leaving he virtually admitted that H. S. Van Slych, the prominent chief clerk under Major F. T. Berry, would on the 1st of January become the local passenger and freight agent for the Atlantic & Pacific, vice the major resigned, who will return to his family in Southern California. Mr. Van Slych has been with the company since June, 1886, coming here from Arizona, and for four years was a competent clerk in the auditing department under Auditor Pope. In January 1890, he accepted the chief clerkship of the traffic department and his promotion is well merited. He is a New Yorker by birth and a good one at that. His sister, Miss Van Slych, is one of the competent public school teachers of our city.—Citizen.

A Montana exchange states that the cattlemen of that state are now in fear that they are going to experience great opposition and hardship in bringing cattle into that state from the south next spring. The disposition of the cattlemen in Wyoming is such that they will throw every obstacle in the way of unloading cattle to be driven to Montana, and it is certain that Dakota will not allow the southern cattle to be dumped in that state. This puts things in bad shape, as fully as many cattle are expected to be shipped north the coming spring as were shipped last spring. Our exchange says southern cattle must of necessity be brought in, and notwithstanding the opposition of the Wyoming cattlemen, the cattle will have to be driven from points in Wyoming if no way out of the dilemma appears. On account of the close drawing of the quarantine lines in Texas, the main bulk of northern shipments will necessarily be made from Arizona and New Mexico, and it is hoped the difficulties now existing between our northern brethren may be amicably adjusted, although northern buyers really anticipate that the bringing of cattle in next spring will be an ordeal beset with hardship and loss.

Owen Hannigan, a native of Ireland, aged 63, died in Prescott Tuesday morning after an illness of but a few days. He sustained some injury a few weeks ago from a fall while carrying a bale of hay, was taken down with influenza last Friday. Deceased was an old and respected resident of Prescott.

Christmas Stocking.

BY FRED W. SMITH.

Hang up the biggest stocking as children all ways do for Santa Claus is coming to fill it up for you. And while you are waiting and waiting for the little people please, I hope your Christmas stocking is full of gifts like these. Of course you'll look for money, and this I hope you'll find. But there are other things needed to bring a peaceful mind. And so beside securing the most abundant wealth, I hope within your stocking you'll find the best of health. A cheerful disposition you need here be told is worth to its possessor a mine of virgin gold. Then in your Christmas stocking this prize I trust you'll find, and if you do not need it, please forward it to me. Of charity and kindness you'll want to find a lot, and there is generosity which shouldn't be forgot. Another thing, too, we must have before the stocking ends, to make complete our Christmas, and that's a host of friends. Then last of all and greater than any other thing, you'll find the gift of happiness that all the rest will bring. Everything to be put in the stocking will be found at Dr. D. J. BRANNEN'S.

\$100 Reward. \$100.

The readers of the *SUN* will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O.

Course.

I am plodding along and taking life just as easy as I can. Am selling good straight goods for cash at a moderate profit, and I find it a first-rate way to do business and keep my trade. I don't aim to become rich in one year. Have no particular extra bang-up bargains to offer; no old stock on hand; no wile at present (I am sorry to say) to blow in my wealth (she's visiting her relatives east). No book accounts to worry over. If there is anything that will fret a merchant and keep him full of grief, it is old book accounts against Tom, Jack and the Devil. Tom's account is good when it rains; Jack's when you get it, and the Devil's is no good, rain or shine.
